Performance in conformity of contract in the system of Hungarian Civil Code and CISG

DIÁNA BERGENDI-RÁCZ

Performance in conformity of contract is created of legal statement of contracting parties. The purpose of this creation and realization of the Act V of 2013 on the Hungarian Civil Code (hereinafter: Civil Code) and The United Nations Convention on Contracts for the International Sale of Goods (hereinafter: CISG). The performance of the contracted service or the delivery of the goods must be based on the terms agreed jointly by the parties, and must observe the provisions of the Civil Code and CISG. There are three main pillars of the basis of those sources of law, which fulfilment is a necessary condition for performance in conformity of contract: delivering the goods, handing over any documents relating to them and transferring the ownership rights over the goods.
